# Arbi Hamolli

Junior Web Developer

## About

I am a dedicated and passionate junior web developer with one year experience in developing web applications. I have a bachelor's degree in Information Technology and I possess fluent communication skills. My main focus is developing effective and efficient codes. I possess a strong work ethic and work in a professional manner. I am well versed in multiple programs and I continue to expand my skill set. I believe I would be a strong asset to any team. I am also a strong team player and work well in a team to improve company outcomes. I enjoy creating, learning new skills, and using critical thinking to problem solve.
